It is advised that motorists proceed with CAUTION travelling on all roads during wet weather. Not all roads may have been inspected at the time this condition report was released and conditions are constantly changing. Road shoulders of sealed roads become soft during heavy rain events and movement off the bitumen is discouraged. Please note that majority of Council's local roads are unsealed therefore it is recommended that travellers drive to the prevailing road conditions.

**ROAD REPORTS ARE ISSUED FOR THE SAFETY OF ALL MEMBERS OF THE PUBLIC AND WE ASK FOR YOUR COOPERATION. STATEWIDE TRAFFIC MANAGEMENT CENTRE PH: 131 940**
